OUTDOOR BOX* ▶

GROUND FLOOR 12 SQM, UPPER FLOOR 28 SQM,
TERRACE 70 SQM

The freestanding Outdoor BOX, with 12 square meters on the ground floor and 28 square meters on the upper floor, offers not only two levels of brand exposure, but also the perfect atmosphere for relaxing moments. While an open, inviting area is created downstairs, the upper floor becomes the highlight: From here, you can enjoy the air show with the best view – relaxed, informal, far beyond the classic meeting setting. With 17 bar tables, the terrace offers plenty of space for casual interaction, good conversation, and a genuine event atmosphere. And everything you need is already on board: a monitor and microphone are included in the price – so the setup is straightforward and ready to go. See [p. 8.](#) for prices.

More ease, more experience, more atmosphere:

This freestanding BOX creates spaces where people love to linger – and brands love to make an impact.

*The ground floor space has an open layout and also includes the ILA merchandise shop. As a result, we cannot guarantee the confidentiality of conversations held in this shared area.
